

The Division of Interventional Cardiology at the University of Utah presents,

2nd Annual PanVascular Summit

At the Forefront

February 19-20, 2010

Zermatt Conference Center, Midway, Utah

Thank you for your interest in the PanVascular Summit that will be held at the exceptional Zermatt Conference Center in Midway, Utah on Friday and Saturday, February 19 and 20, 2010. We express our special thanks to our speakers, the University of Utah Division of Interventional Cardiology, our supporters, exhibitors, and to all of you who will be participating in this exciting event.

The PanVascular Summit brings together General and interventional cardiologists, interventional radiologists, vascular surgeons, cardiothoracic surgeons, and all health care professionals involved in the management of patients with ischemic cardiovascular, peripheral vascular, and structural heart disease. Twenty-five national and local Vascular expert physicians have been invited to provide valuable educational content.

The PanVascular Summit will offer each participant-physician CME credits for their participation. The PanVascular Summit offers two (2) full days of CME-accredited clinically-based educational programs, live case demonstrations, and hot-topic debates. We look forward to seeing you on February 19th.

Andrew D. Michaels, M.D., M.A.S., F.A.C.C., F.A.H.A.
Associate Professor of Medicine
Director, Cardiac Catheterization Laboratory and Interventional Cardiology
